* Sponsor Letters may be mailed or emailed to the Membership Chairman

Please Note: An introduction of a prospective member may be read at the first meeting they attend but that will not be considered a "first reading" unless both sponsorship letters are included with the application. As noted above, applicants require two sponsor letters from two members in good standing. If an applicant has no acquaintances within the club, there may be a waiting period until the applicant has had sufficient time to be known within the club. An application will not be presented until the membership chairman has received two letters of sponsorship.
